Subject: News on Improvements from the Town

Dear Residents and Interested Parties:

We wanted to let you know about new services available to you.

The Town website has two new pages, a [FAQ page](#), located under the Residents tab, with the most common (and sometimes uncommon!) questions that are asked of staff at Town Hall. Also made live today is an explanatory page about the [Comprehensive Plan and Land Development Code](#).

Second, the **Building Department** anticipates implementing their new software program, iWorQ, on June 12. This will increase efficiency, streamline inspections scheduling, and track the entire permit process from application through inspection to occupancy. Eventually, applicants will be able to track the entire permit process from any internet-capable device with this cloud-based, mobile-friendly community development application. Please call the Building Department at 231-4453 with any questions regarding this improvement.

Respectfully yours,

Laura

Laura Aldrich, MMC
Town Clerk, Indian River Shores
