

**COMMUNITY RATING SYSTEM FLOODPLAIN MANAGEMENT PLAN  
PROGRESS REPORT  
2018**

**Town of Indian River Shores, Florida.  
NFIP NUMBER- 120121**

**1. Name of the CRS Floodplain Management Plan (LMS or other):**

- Indian River County Unified Local Mitigation Strategy (LMS)

**2. Date adopted:**

- October 22, 2015 (Current)

**3. Location where copies are made available for review:**

- Indian River County Clerk to the Board of County Commissioners' Office  
1801 27<sup>th</sup> Street Bldg A, Rm. 801 Executive Offices  
Vero Beach, FL 32960

**4. Summarize any floods that occurred during the year (if any):**

- None

**5. What impact did the floods have on the repetitive loss area:**

- None

**6. List each element of the original plan and note how much was accomplished during the previous year:**

- The rebuilding of the Old Winter Beach Road drainage project west of State Road A1A to Jungle Trail is now completed. With hurricane season approaching, the elevated roadway will guarantee its residents safe evacuation passage prior to and after storms and by eliminating harmful pollutants from the Indian River Lagoon.

- The Town Public Works Director continues to work closely with property owners and contractors maintaining the drainage system and swales keeping it free of debris. Visits to properties are routinely done to assist homeowners with any potential flood problems and prevention. The town continues to encourage residents to report any flooding issues.
- Construction is in full swing within the Town, and our Stormwater Management Inspectors continue to complete routine inspections to all open construction sites ensuring contractors are following proper procedure for erosion control and site- specific drainage plans.
- The Town continues to participate in the CRS program and currently maintains a Class 6 rating which qualifies residents in a SFHA with a 20% reduction on their flood insurance premiums. Residents receive news alerts containing flooding, disaster preparedness and drainage system maintenance, Town updates routinely through e-mail and on the Town's website. In addition, literature is available at the Town Building Department and the Indian River County Public Library.

**7. Were any objectives not reached or is implementation behind schedule? If so, state why:**

- None

**8. Should new projects be started or should any of the recommendations or objectives be revised:**

- The Town of Indian River Shores has no new objectives or recommendations for the Indian River County LMS. The Town continues to work closely with Indian River County to ensure compliance with the federal hazard mitigation planning standards.
- The Town continues to work closely with state and local agencies for each BMAP including Indian River Shores Central IRL basin to assemble future storm water improvement projects for possible funding.

**9. Progress Report discussed and/or made available at a public meeting (attach copy of the minutes as documentation).**

- The progress report was presented to the Town Council in their packets for the March 28, 2019 meeting and copies of this report and CRS/NPDES pamphlets were made available to the public and media.
